

AIR 1 is an awesome radio station. When I was down and wanted to end my life, I tuned into AIR 1 by accident and they helped me turn my life around!

This is just one person of many in a community that NEEDS AIR 1.

If AIR 1 is displaced by an LPFM broadcaster...I don't know what my community would do!

The service provided by AIR 1 is in the public interest as it helps many people and provides a safe listening environment for families.

PLEASE keep AIR 1 in GAINESVILLE
